Mayor Kevin Hutchinson

It is very important to us at the City of Columbia to provide communication options for emergency notifications as well as general City information. The Columbia police & public works departments and city staff are fine-tuning our options to send this information via phone call, text message and/or e-mail. I encourage each citizen of Columbia to visit our website (see directions below) and sign up for the items that are important to you. Categories have been added, so if you have already signed up, please review/update your account.

If you have any questions, please do not hesitate to contact me at khutchinson@columbiaillinois.com, (O) 281-7144 x 109 or (H) 281-5199. Wishing you all of the joys of the upcoming holiday season!

ALREADY PREPARING FOR SNOW REMOVAL

The Department of Public Works is already thinking about winter weather and snow removal activities. There are certain things to keep in mind about the Public Works Department performing their snow removal activities. Here are a couple of highlights:

- ▶ When snow is forecasted, if at all possible please remove vehicles from the streets and roadways. In some areas with parked vehicles on the streets and roadways, attempting to navigate a large truck with a snow plow and salt spreader is nearly impossible. The more working room allowed for the trucks and equipment, the faster the snow removal activities can take place.
- ▶ Please do not push or throw snow from drives and walks into the street. This is just extra snow to manage. It may result in calls to the Public Works Department to remove a potential hazard in the street or roadway causing other snow removal activities to be put on hold to take care of the potential hazard.
- ▶ During a heavy snowfall event the Public Works Department's first priority is to keep the more heavily traveled streets and roadways open. Secondary and subdivision streets will be cleared as snow removal activities continue and the rate of snowfall starts to subside. Plowing and removing snow in cul-de-sac areas is time consuming and tedious and takes away from other snow removal activities. Cul-de-sac areas are one of the last areas to be fully cleared of snow.

Thank you for your cooperation!

News from Columbia CUSD 4

The school district would like to introduce a new vision statement to the community. Columbia 4 — A Culture Committed to Character, Citizenship, College and Career Readiness. All Aspects of education revolve around the 4 Cs! Along the lines of college readiness, students in Grades 3-8 and Grade 11 take the state assessment (IAR and SAT) in March of each year. The results are used to determine a final rating for every public school in Illinois. With the school district facing some scrutiny with a lower rating for CMS last year, this year's results have surpassed expected outcomes. The Illinois State Board of Education just released the 2019 "summative designation" rating for each school with Eagleview, Parkview, and Columbia High School earning the highest rating of "EXEMPLARY," and Columbia Middle School earning a "Commendable" rating, just 7.7 points shy of exemplary. This is a perfect farewell gift for retiring superintendent, Dr. Gina Segobiano, who will be leaving the school district a semester early to embark a new position at the college level beginning December 2nd. The school board will be selecting an interim superintendent to fulfill duties for the rest of the school year and is expected to employ a permanent superintendent in January who will begin July 1, 2020.
