|             | Description: Construction of a new in-ground concrete swimming pool measuring 15'x30' with a maximum depth of 5'. Pool will include a filtration system, electric pool pump, and LED pool lighting. Work includes excavation, rebar and gunite application, installation of pool equipment, and connection to existing electrical services. A 6-foot-high safety fence with self-closing gate will be installed to meet city safety code requirements. Pool will be located in the rear yard, maintaining required setbacks from property lines and structures per local zoning code. |                     |                            |                                     |                             |                |                   |
