CITY OF COLUMBIA

www.columbiaillinois.com

We are always looking for ways to improve our community and quality of life in Columbia. Soon, you will see improvements at the intersection of Gall Road and Route 3, additions to the Main Street streetscape, and a new pedestrian and bike trail connecting Main Street to Bolm-Schukraft Park. In the last two years, we have secured over \$2.3 million in Federal Grants for community improvements. The offices at City Hall will also be getting a much needed update. New offices will be added and the Building & Zoning and Clerk's office will have a totally new layout. Please be patient in the next few months when visiting City Hall during the construction process. Once complete, we anticipate the new layout will be more convenient for our customers.

**EMS STRONG
STRONGER
TOGETHER**

In celebration of EMS Week during the month of May, EMS hosted its first annual Public Safety Open House at the Columbia Volunteer Fire Department. Many residents and their families attended in spite of the rain and weather conditions. This year's event was a huge success, with the support of vendors who provided educational materials and free items to those in attendance. On site, we had the following entities: St. Louis Children's Hospital, SSM Cardinal Glennon Children's Hospital, St. Anthony's Medical

Center, St. Louis University Hospital, Memorial Hospital/BJC, St. Elizabeth's Hospital, MOCO/Columbia EMA. St. Louis Children's Hospital brought out their Mobile Intensive Care Ambulance and ILEAS brought out their Bearcat vehicle for viewing. Columbia Police, Dispatch, EMS and Fire had representatives on site to answer any questions regarding the services provided to the residents of our community. A special thanks to Dr. Cangas at Ideal Pediatrics for attending and handing out bicycle helmets to all the children present. EMS Week this year was May 21-25, with a theme of EMS Strong: Stronger Together. This is the belief of all of the City of Columbia's Public Safety Departments; we all work together for the betterment of our community and our residents.

ILLINOIS ROUTE 3 AND GALL ROAD PROJECT

Route 3 and Gall Road intersection improvements will begin this summer. The project consists of the addition of a left-turn lane on Gall Road, new asphalt pavement, curb and gutter, storm sewer, and new traffic signals. Gall Road will be **closed** during the construction of the intersection. The closure will last no longer than 6 weeks.

There will be a marked detour route to get traffic from Gall Road to Route 3 via Steppig Road, D Road, and Valmeyer Road.
